I’m Gonna Love the Hell Out of You ~ Turn Your Guns Around

Finally! **Silver Jews** are back among the living. And with a big hit, too! Culled from the LP/CD **Bright Flight**, “**Tennessee**” is where **Silver Jews** are at right now. Literally — Tennessee has been **David Berman**’s home for the last couple of years, and it’s where all the songs on **Bright Flight** were written.

“**Tennessee**,” is up there with the best of ’em, hence its inclusion on this otherwise non-LP EP. All the songs here were recorded with the ten songs on **Bright Flight** — but some were more clearly b-side material (as we say in this ever-lovin’ biz), therefore their unmistakable presence on this here “**Tennessee**” EP.

“**Tennessee**” comes in two formats: CDEP and 12” vinyl EP. Being the old school codgers we are, we recommend the vinyl, partially since the graphics loom so impressively large — it’s almost like looking through the window into **David Berman**’s living room. Which is appropriate, since the cover stars of this EP are **David Berman** and **Cassie Marrett**, who also happen to be the two singing stars duetting on “**Tennessee**,” as they tell the tale of how they came to live in Nashville. The beauty of it is how many people’s tale this song could be telling from over the years. In many ways, Nashville is the Hollywood of the east, the original Hollywood, if you will. And for the meantime, Hollywood West can thank their lucky stars that **Berman** thinks so — he’s quite a handful! Hang on, Tennessee — please!

The modern song of the South — the very sound of **Silver Jews** themselves — is on display throughout the “**Tennessee**” EP, which in itself is a trailer for the heartbreakingly great new **Silver Jews** LP/CD **Bright Flight**. Buy each one and see!
